

# Let's draw Todd!

Follow the steps opposite and see how well you can draw Todd.

1. Start with a circle ...
2. Add a bowl shape to make Todd's mouth. Don't forget his tooth!
3. Next, draw in Todd's eyes and freckles – that's FOUR freckles on each side.
4. Add Todd's hair and ears, and you're ready to draw the rest of his body!
5. Now, draw a rectangle to make the top part of his body.
6. Next, add his arms. Make sure you count the stripes!
7. Add his legs.
8. Finally, draw in his hands and two circles for his feet!
9. Now, add some colour, and you have just drawn Todd!

Great job!
